

Instructions – Den Chief/Female Volunteer Registration Form

1. Camp Session – Indicate the camp session for which you are volunteering. Mark only **ONE** choice. If you plan to volunteer both weeks of Day Camp, complete a separate form for each week.
2. Personal Information
 - Enter Troop/Crew #, Name, Birth Date, BSA Rank achieved by the time of Day Camp, and your BSA registration number (if you have one).
 - Enter the address where paper mail should be sent to your parents or guardians.
 - Email Address: Enter an email address for your parent/guardian. Important information about Day Camp will be sent to this address and email will be the primary method for communicating with Day Camp participants. Do not enter your own email address. Ask your parents/guardian to forward email from Day Camp to you from their account.
3. Shirt Size – Circle your shirt size. Leave room to grow and remember that in hot or wet weather, a bigger shirt than you normally wear may be more comfortable.
4. Extra Shirts – Enter the number of **extra** camp shirts you would like to purchase. Extra shirts cost \$10 each. Each Den Chief/Female volunteer receives one free camp shirt. Official Day Camp shirts **MUST** be worn every day at camp and may not be modified in any way. They are color coded and used as Day Camp’s primary security feature. Buy a spare to avoid washing a shirt every night.
5. Cost of Extra Shirts – Enter the total cost of extra shirts ordered. Extra shirts cost \$10 each. Submit payment for any extra shirts you order as directed by your unit. If you are registering directly with the registrar, make your check payable to BAC/BSA. Registering as part of a unit is preferred.
6. Medical Form – Everyone attending Day Camp **MUST** submit a BSA Medical Form, parts A and B. A physical exam by a doctor is **NOT** required for Day Camp. Please complete a medical form and submit a copy with this registration. Registration forms submitted without a medical form will not be processed.
7. Insurance Card – The BSA Medical Form requests a copy of both sides of your medical insurance card. Please provide that with your registration. If you do not have medical insurance or are unwilling to provide insurance information, please write “No Insurance” on the medical form. This will prevent the registrar from attempting to contact you to request insurance information unnecessarily. Registration without insurance information IS allowed.
8. Acknowledgements – Read the acknowledgement statements and place a check mark next to each to indicate that you understand and agree to each of them.
